

# ECR international

April 21, 2025

Dear Valued Customer,

Effective June 2, 2025; ECR will be implementing a new trade price sheet with a price increase on **Parts and Argo Relays and Controls**. ECR has tried to minimize these increases for our customers.

All Brands - Categories	Price Increase Percentages
Controls - All SKUs	10%
Parts	10%

Please check the new list prices when distributed per electronic file. Repair parts pricing will be loaded and available on your ECR Distributor Web Portal and can be downloaded at:

<https://www.ecrcustomerportal.com>.

Should you have any questions regarding these changes please do not hesitate to contact your ECR Representative, Regional Sales Manager, or Customer Service Representative at 1-800-325-5479.

Sincerely,

Bob Shea  
Executive Director of Sales  
ECR International
